Color: Convert all colors to CMYK

Black and white ads should be converted to grayscale. Additional fees may apply if the file is not set up correctly.

Contact The Fenway Group

TIF, EPS or uncompressed jpg should be 300 dpi at 100% size.

Desired fonts should be supplied.

Please provide a layout Guideline to indicate how you want your add to look. If a guideline is not provided The Fenway Group will create a design.

We cannot accept scanned images or low resolution images from the web

Design my own Ad

Upload high res images and logos. (Note, images taken from the web not recommended as they tend to be low res.)

Interactive! Once you have uploaded an asset you can use your curser to move it around the page to create your design.

Add content in the text box, then move and place to your desired design.

You can enlarge your images when placed but please be aware this can affect the resolution. IF you have an image that is of low quality the system will warn you of the issue. We suggest reducing the size or uploading a better quality image. 300dpi is the desired specifications
